COUNTY, NEVADA. 143 LINCOLN
COUNTY, NEVADA.

AFFIDAVIT OF LABOR AND IMPROVEMENTS

State of Colorado)
County of Jefferson) ss.

ZER
COUNTY RECORDER
Karen Henderson, J. J. J.

Casey Danielson, of Lakewood, Colorado and an employee of Occidental Minerals Corporation, a Delaware corporation qualified to do business in the State of Nevada, being first duly sworn, deposes and says:

That for the annual assessment period ending at 12 o'clock noon September 1, 1981, there was done not less than \$2,600.00 worth of labor and/or improvements upon or for each of the claims described in Exhibit A, attached hereto and made a part hereof, situated in Lincoln County, Undesignated Mining District, Nevada.

That said work consisted of non-repetitive geological mapping and rock chip and soil geochemical surveys performed by Casey Danielson and Paul Zweng, employees of Occidental Minerals Corporation, under the direction of Neil K. Muncaster, a geologist qualified by education and experience to conduct such work. The location of the geochemical survey in relation to the point of discovery and the boundaries of the claims is as set forth on the attached Exhibit B. The basic findings of the survey include the delineation of areas of anomolous gold values in carbonate rock permitting the correlation of such anomolous areas with the geology of the area.

That said work was done and improvements made at the instance and request of Occidental Minerals Corporation, owner of said claims, and was done between the dates of September 1, 1980 and September 1, 1981 for the purpose of holding said claims for the annual period ending at noon September 1, 1981. Said work was paid for by Occidental Minerals Corporation.

All of said mining claims are contiguous and the tendency of said work and improvements was to develop each and all of said claims as a valuable mine and to facilitate the extraction of minerals therefrom.

OCCIDENTAL MINERALS CORPORATION

By Casey Danielson
Casey Danielson

The foregoing instrument was acknowledged before me this 22nd day of October, 1981 by Casey Danielson, the Exploration Geologist of Occidental Minerals Corporation, a Delaware corporation.

Witness my hand and official seal.
