STATEMENT OF CAUSE

12. The Division of Motor Vehicles is a subdivision of the State of Arizona, in its corporate capacity as an agent of the Congress of the united States; and,
13. By implied and direct consent, through licensing this subdivision of the State of Arizona, I would allow said subdivision to regulate my person by statutory law pursuant to or through the international statutory citizenship on the 14th amendment to the

Lincoln County

United States Constitution and would surrender my rights, property, and titles to the corporate State of Utah in exchange for privileges, and I decline to do so; and,

14. The State of Arizona is barred from forcing a member of the posterity to license the State to step outside the Constitution for the united States of America (1787) or the Constitution for the State of Arizona, and pursuant to the limitations in Article I section ten of the Constitution for the united States of America (1787) and the 9th Article of the Bill of Rights, the power to offer or refuse such statutory license is retained by the people in their individual capacity; and,

15. The power to license the people is not granted to Congress or the State in the Organic Law of either the united States of America or the State of Arizona; and,

16. It can be seen from the tenth article of the Bill of Rights this power to license must be granted to either the united States of America, in the Constitution for the united States of America (1787), or to the States by their respective state constitutions, otherwise, the power remains reserved to the people, subject to the vested rights retained by the individual members therein; and,

17. I am now more knowledgeable about my right to license or not to license this State, being aware of the fact that to license the State is in the nature of allowing the State to impose an unauthorized statutory jurisdiction on me, and, being aware that giving uninformed consent to the sanctions and police power of de facto government (government acting beyond the limitations of the constitutions to which government(s) are lawfully subject), is void for fraud; and,

18. The application for and driver's license does not contain any warning, whatsoever, that any rights are being waived or that a privilege is being obtained instead of my vested rights, nor does said application set forth the conditions thereof or indicate where those conditions may be found; and,

19. I was deceived into believing that application for and issue of a driver's license was a legitimate function of the corporate agency issuing same, and, that I was, or could be, required to make application in order to exercise my rights to locomotion, have access and egress, and to own and use property in a motor vehicle; and,

RESCISSION FOR CAUSE

20. **WHEREFORE**, let it be known, that I, Bryan E. Romney, a Free White Utah Citizen, and thereby a United States Citizen, a Co-Heir to the Organic Law; in fact having fully considered said application for and license # B11678204; and realizing said license was created by submission without my informed consent, now exercise my rights as stated in the Declaration of Independence and protected by the Preamble to the United States Constitution (1787), Article I section ten of the Constitution for the united States of America (1787) and the 9th and 10th Articles of the Bill of Rights (1791); and for the aforementioned cause, fully and completely, hereby, **RESCIND** and **CANCEL** said license, and from this day and for all time let it be known that the corporate government of the State of Arizona will hereafter be in trespass of my rights which are protected by the conditions set out in the Organic Law of these united States of America, whenever attempting to exercise the aforementioned unauthorized power over me; and,

21. **WHEREFORE**, formal notice is also hereby given, that I, Bryan E. Romney, hereby repudiate all statutory benefits and obligations of the aforesaid license; That I absolutely will not use accounts established thereunder, identifying numbers or other identifiers, which represent said account, except to repudiate same; and, that I will not apply for, receive, collect, or attempt to apply for, receive, or collect, any privilege or benefits established under said license, whatsoever; and, that said numbered account will be treated as though it never had been established as fully and completely as if same had never been applied for or assigned; and,

INTENT

22. My intent is to be a Free, Lawful, Natural American Citizen and Co-Heir to the Organic Law as stated in The Declaration of Independence (1776) and as restated in the Preamble to the Constitution for the united States of America (1787), which I am in fact by said Organic Law; to claim my God given Rights declared by the Statute of 1776, and the limitations on government set out in the original Constitution for the united States of America (1787) and its Bill of [Limitations] Rights (1791); and to reestablish myself as an American Citizen (de jure), pursuant to my rights as a Co-Heir to the Statute of 1776 and the Organic Law, to the end of preserving the Christian Republic of the united States of America as formed, and limited, by the Constitution for the united States of America (1787), and further limited by the Bill of Rights (1791); and,

NOTICE TO TRESPASSERS

23. This is notice to all who would subject me to a deprivation of my rights and corresponding responsibility, as an American Citizen pursuant to the Statute of 1776 (The Declaration of Independence). All claimants have 30 days from the date of this "Notice by Affidavit" to make any claims such claimants may wish to assert in a Court of organic Article III judicial authority; failure to do so is an admission of estoppel and laches upon all comers. Any further deprivation of my vested rights as an American Citizen by

any governmental agent(s) or agency(ies) will be, by its taking place, a declaration of Mixed War between codified statutory law and common law, waged against me, by whatever person or entity who might commit such trespass, and will be remedied by whatever action is necessary and lawful taking into account the moral gravity of the deprivations in the particular instance; and,

FURTHER AFFIANT SAITH NOT.

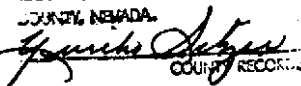

Subscribed and affirmed nunc pro tunc on the date of my reaching majority, the 3 May 1985.

Subscribed, sealed and affirmed this 19 day of April in the Year of our Lord and Savior, Nineteen Hundred and Ninety Five, in the County of Sanpete.
