Lincoln County Recorder
PO Box 218
Pioche, NV 89043

Dec 20, 1995

The BLM is required to send letters to claim holders whenever there is now a NOTICE which involves work, drilling, road work, etc, on claims. As several NOTICES are now in effect it was requested by T. Angle, of the Tonapah BLM office, in May 1995, because so many letters came back address unknown, that an effort be made to provide wherever possible correct addresses or person or entities, to whom in care of letters may be sent. Mr. Angle was transferred to the Reno office, and directed us to enquire of Gordon Pine at Tonapah how to proceed to accomplish these changes. We are following that instruction.

We have prepared lists for claims being filed in various counties of as many changes as we could obtain to correct the files accordingly, and so enclosed is a list of the claims by claim number or name and the BLM NMC No. and the most recent and available address or, In Care of, to whom letters and notices may be sent.

These lists will provide the most update data that is now available for County and BLM records. The recorded copies of the enclosed lists will be forwarded to the BLM office at Reno, Nevada so their files can be updated.

Enclosed is a check to cover the recordation costs and return to us. Please return the recorded copies to
