Pioche, NV 89043

Dear Pat:

On January 21, 1999 Ken Knorr contacted you concerning the location of a trailer in space 2 of the Pioche Mobile Home Park in relationship to the alley located west of the Park. It was determined that the trailer extended approximately three (3) feet beyond the property line into the alley.

You indicated that you saw no immediate problem with leaving the trailer as it is presently located, but in the advent that it has to be moved in order to make access to sewer lines or other utilities it is understood by the owners of the Pioche Mobile Home Park and the owner of the trailer that it will be moved to provide access to the utilities. Cost will be split equally between the owners and tenant.

Sincerely,

Kenneth Knorr 1/25/99
