- Marsh ("slough") land
- Broken line: Distance & bearing gives true distance & bearing
- Water pipeline
- Boundary call in deed (in parenthesis & quotations)
- Adjusted deed location

SCALE: 1" = 100'

**MAP NOTE:**

This map shows occupation of Deeded property via Abstract No. 333-2 by Dominick Belingheri, Commissioned Abstractor of Pioche, Lincoln County, Nevada, which abstract traced title to subject property to November 23, 1965. The deeded descriptions are very general and are not conclusive as to their exact positions.

The abstractor's conclusion is that the owner's property is near or at the southwest corner of other property they also own and occupy, and together with this property has been occupied since the date of ownership at the time of the abstract preparation.

This map shows the generalized description of the deed, having the point of beginning adjusted to the lands occupied, as well as the fenced area of occupation since the purchase in 1965.

By this recordation and notice, the owners declare the correct location of their property which is under the fenced occupational lines as depicted.

**BASIS OF BEARINGS**

The basis of bearings is the north line of the northwest quarter of Section 4, T. 2 S., R. 68 E., M.D.M. as given in Plat Book A, Pages 335 & 339 of Lincoln County, Nevada Records.
