BASIS OF BEARING

Southwesterly boundary of Parcel G from Document Number 114816 Plat book B Page 319
 S 48° 47' 48" W - Parcel Map for Ronal T. Young

Notes:

The Easterly boundary of this parcel is contiguous with the boundary of a patented mining claim which is also owned by Jerry Maeder. Survey is consistent with note and monuments established by a re-survey of the claim in 1994. The Westerly boundary is 1/16 Section Line bearing N 0° 21' 20" E and lies Easterly some 25' from property corners established in 1986 Fonger survey for Ronal & Betty Young (Ref. A.) The Southeasterly boundary is contained in confines of the Meadow Valley wash, and does not conflict with the Lincoln Park Subdivision.

Utilizing the confines of the 1/16th line and the Sunset Lode Claim, deed calls were answered and the call between the SE corner and the SW corner (both within the Meadow Valley Wash) was established.

Parcel contains 10.01 Acres

This Survey will be used to clarify the property boundaries for the owner Jerry Maeder, his heirs and assigns.

Corners consist of 5/8 rebar with cap PLS 6489 unless otherwise noted.
