performing the work, or equivalent value added. The work was performed by: Barry C Isom + L. David Love

The findings of the above work are as follows:

We have excavated about five ft down through the overburden finding spurts of molten quartz that show traces of gold. We now need to get some equipment in there to continue.

The work was performed under the direction of Barry C Isom whose qualifications to supervise such work include the following experience and education:

Mr. Isom operated his sand + gravel company in Clark Co. Nevada for 12 yrs

All of the aforesaid patented mining claims are contiguous and work on, or for the benefit of, any one claim or group of claims tends to develop all the claims. The work was performed for the purpose of developing the mineral potential of the claims and to maintain and hold such claims.
