performing the work, or equivalent value added. The work was performed by: Chris W. Ralph

The findings of the above work are as follows:

The property contains a known Mercury ore body with traces of gold and silver at the surface. The property is based on an old hot springs site. Richer values will be present deeper down.

The work was performed under the direction of Chris W. Ralph whose qualifications to supervise such work include the following experience and education:

Mr. Ralph has a degree in Mine Engineering from UNR in Reno and has experience in precious metal mining

All of the aforesaid unpatented mining claims are contiguous and work on, or for the benefit of, any one claim or group of claims tends to develop all the claims. The work was performed for the purpose of developing the mineral potential of the claims and to maintain and hold such claims.
