performing the work, or equivalent value added. The work was performed
by: Chris Ralph

The findings of the above work are as follows:

The claims are located on a drilled and proven Mercury deposit which also contains gold and silver. The ore is deposited near a fault zone which is marked by altered rocks

The work was performed under the direction of Chris Ralph whose qualifications to supervise such work include the following experience and education:

Mr. Ralph holds a degree in Mine Engineering from the Mackey School of Mines in Reno, NV

All of the aforesaid unpatented mining claims are contiguous and work on, or for the benefit of, any one claim or group of claims tends to develop all the claims. The work was performed for the purpose of developing the mineral potential of the claims and to maintain and hold such claims.
