**CERTIFICATE OF LOCATION
 LODGE MINING CLAIM**

TO ALL WHOM IT MAY CONCERN:

NEVADA MINERALS, INC., a Nevada corporation whose mailing address is: P. O. Box 2302, Reno, Nevada 89505, through its agents George Sandrock and John Torok have located and claimed (relocated) the TM # 21 Lode Mining Claim situated in the following quarter section(s):

Quarter (1/4)	Township	Range	Meridian
<u>SE Sec 36</u>	<u>T3S</u>	<u>R56E</u>	MDB&M
<u>NE Sec 1</u>	<u>T4S</u>	<u>R56E</u>	MDB&M
<u>SW Sec 31</u>	<u>T3S</u>	<u>R57E</u>	MDB&M
<u>NW Sec 6</u>	<u>T4S</u>	<u>R57E</u>	MDB&M

In the Tem Piute Mining District of Lincoln County, Nevada on the 21st day of October, 2023.

The claim is approximately 1,500 feet long and 600 feet wide, such that 756 feet are claimed in a Easterly direction and 730 feet in a Westerly direction from the point of discovery (the location monument), at which the Location Post and Notice of Location was posted, together with 300 feet on each side of the monument of location and the center line of the Claim. The general course of the lode or vein is from the Easterly to the Westerly direction.

This claim is a relocation of a claim of the same name previously located by our Company that was lost due to a clerical error. The location monument and corners were still in place and the new location notices were placed in a plastic bottle and wired to the location monument with a scribe metal tag describing the location monument and the corners. On the second day in the field we encounter a hostile environment of which the County Sheriff and District Attorney are fully aware. We were not able to visit 100% of the corner post, but we found all of the location monuments most the corner posts standing and in excellent condition. There was no reason to believe that all of the corner posts are still in place. Because the hostile environment it was unsafe for US to do any further work property.

The number, location and marking on each corner monument are as follows

LOCATIO	MARKING	DESCRIPTION OF POST
No. 1: NE Corner	NE Corner TM# <u>21</u>	2"X2"X4' Wooden Post with Scriber Metal Tag
No. 2: SE Corner	SE Corner TM# <u>21</u>	2"X2"X4' Wooden Post with Scriber Metal Tag
No. 3 SW Corner	SE Corner TM# <u>21</u>	2"X2"X4' Wooden Post with Scribed Metal Tag
No. 4 NW Corner	NW Corner TM# <u>21</u>	2"X2"x4' Wooden Post with Scribed Metal Tag

The corners were marked on the ground by a 2"X2"X4' Wooden Post marked by a scribed metal tag attached to the post describing the particular corn or common corner.

The undersigned certifies the location work including the accompanying Claim Map was completed as provided in NRS 517.040 greatest extent possible under the prevailing conditions.

This claim and the other claims of this group were located by George Sandrock and John Torok as agents for Nevada Minerals, Inc., a Nevada corporation in Good Standing with the Nevada Secretary of State.

Dated this 29th day of November, 2023

By: 
John M. Torok, President and Agent
