This Grant of Easements (this "**Agreement**") is made and entered into as of this ____ day of ____, 2024 (the "**Effective Date**"), by and between Sharet Holdings II, LLC, a Nevada limited liability company ("**Grantor**"), and Lincoln County Power District #1, a General Improvement District of the State of Nevada existing under the provisions of Chapter 318 of the Nevada Revised Statutes ("**Grantee**"). Grantor and Grantee are sometimes individually referred to as a "**Party**" and may be collectively referred to as the "**Parties**".

RECITALS

A. Grantor is the owner of certain real property located in Lincoln County, Nevada, as more particularly described in **Exhibit "A"** attached hereto and by this reference made a part hereof (the "**Grantor's Property**").

B. Grantee is the owner of certain aboveground and/or underground communication facilities and electric line systems for the distribution and transmission of electricity, consisting of poles, other structures, wires, cables, conduit, duct banks, manholes, vaults, transformers, service boxes/meter panels, cabinets, bollards, anchors, guys, and other equipment, fixtures, apparatus, and improvements (collectively, "**Utility Facilities**").

C. To ensure that Grantee possesses sufficient real estate rights in the real property on which the Utility Facilities have been constructed, the Grantee desires to obtain, and Grantor desires to grant, certain easements ("**Grantee's Project**"), upon the terms and conditions of this Agreement.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Grantor and Grantee hereby agree as follows:

AGREEMENT

I. Recitals. The foregoing Recitals are true and correct and are incorporated herein by this reference.

II. Grant of Easements. Grantor hereby grants and conveys to Grantee and its successors and assigns the following non-exclusive perpetual rights and easements (the "**Easements**"):

(a) to construct, operate, add to, modify, maintain, repair, and remove aboveground and/or underground communication facilities and electric line systems for the distribution and transmission of electricity, consisting of poles, other structures, wires, cables, conduit, duct banks, manholes, vaults, transformers, service boxes/meter panels, cabinets, bollards, anchors, guys, and other equipment, fixtures, apparatus, and improvements ("**Utility Facilities**") upon, over, under and through the property legally described and generally depicted in **Exhibit "B"** and **Exhibit "B-1"** attached hereto and by this reference made a part hereof (the "**Easement Area**");

(b) for the unrestricted passage of vehicles and pedestrians within, on, over and across the Easement Area; and

(c) to remove, clear, cut or trim any obstruction or material (including trees, other vegetation and structures) from the surface or subsurface of the Easement Area as Grantee may deem reasonably necessary or advisable for the safe and proper use and maintenance of the Utility Facilities in the Easement Area.

III. Terms and Conditions.

(a) **Term.** This Agreement is effective for all purposes as of the Effective Date. The Easements granted by this Agreement shall be perpetual. Notwithstanding the foregoing, in the event Grantee ceases use of the Easement Area for a period of twenty-four (24) consecutive months, the Easements shall be deemed abandoned and this Agreement shall automatically terminate.

(b) **Compliance with Laws; Maintenance.** Grantee shall comply with all federal, state, and local laws, regulations, and directives applicable to the Grantor's Property. Grantee shall indemnify and hold harmless Grantor from all loss, claims, or damage resulting from Grantee's failure to comply with such laws. Grantee shall have the right to make such surface cuts within the Easement Area as may be necessary to maintain the clearance between transmission lines (or other cables and wires) and the surface of the ground that may be required by the orders of any governmental or quasi-governmental bodies having jurisdiction, or that may be otherwise necessary for the economical construction, maintenance, or operation of the Utility Facilities. Following installation, maintenance, repair, replacement, or any other work to the Utility Facilities, Grantee shall promptly return the Easement Area to its original state and shall remove all rubble, debris, construction equipment, excavated material, or other equipment and property that is not a part of Grantee's permanent and ongoing operations from within the Easement Area. Grantee shall not store vehicles, equipment, or other items within the Easement Area that are not directly necessary to the active and ongoing maintenance of the Utility Facilities.

Grantee shall not be permitted to erect any fence, gate, or other barrier in the Easement Area without the prior written consent of Grantor.

(c) Successors and Assigns. This Agreement runs with the land and shall be binding on the parties' successors and permitted assigns. Notwithstanding the foregoing, this Agreement may not be assigned, transferred, or conveyed by Grantee without the prior written consent of Grantor.

(d) Liability for Damage and Indemnity (Grantee). Grantee shall be responsible for all loss, claims, or damages caused by the actions, omissions, or negligence of Grantee, its agents, contractors, and employees in constructing, operating, adding to, maintaining, repairing, replacing, or removing the Utility Facilities and shall indemnify and hold harmless Grantor from all such loss, damage, or claims..

(e) Liability for Damage and Indemnity (Grantor). Grantor shall be responsible for all loss, claims, or damages to the Utility Facilities caused by Grantor's willful conduct or gross negligence, and Grantor shall indemnify and hold harmless Grantee from all such loss, damage or claims.

(f) Sharing of Easement Area. Grantor shall have the right to grant a non-exclusive easement interest in the Easement Area to any third party, provided that such third party shall not impede or interfere with Grantee's Utility Facilities or use of the Easement Area. Grantee hereby acknowledges and agrees that, to the extent additional easements are granted to third parties in the Easement Area, Grantee shall not impede or interfere with such grantee's use of the Easement Area.

(g) Mechanic's Liens. Grantee shall not permit any mechanic's or materialman's liens to be filed against the Grantor Property. In the event any such liens are filed, Grantee shall promptly take action to cause such liens to be discharged or removed within ten (10) business days.

(h) No Public Dedication. Nothing contained herein shall be deemed a dedication of the Grantor Property for the general public or for any public use or purpose whatsoever.

IV. Notices. All notices which either Party hereto may be required or desire to serve upon the other Party shall be in writing and shall be served upon such other Party (a) by personal service upon such other Party, whereupon service shall be deemed complete; (b) by Federal Express, UPS, or other recognized overnight delivery service, whereupon service shall be deemed complete the next business day; or (c) by mailing a copy thereof by certified or registered mail, with return receipt requested, whereupon service shall be deemed complete on the day actual delivery is made, as shown by the addressee's registry or certification receipt, or at the expiration of the third day after the date of mailing, whichever first occurs. (a) Further Cooperation. Grantee shall cooperate with any request from Grantor to execute commercially reasonable estoppel certificates, subordination agreements, non-disturbance agreements, and such other agreements as may be requested from time-to-time.

(b) Modification and Waiver. No claim of waiver, modification, consent, or acquiescence with respect to any provision of this Agreement shall be effective against either Party except on the basis of a recorded, written instrument executed by such Party.

(c) No Other Inducement. The making, execution, and delivery of this Agreement by the Parties hereto has been induced by no representations, statements, warranties, or agreements other than those herein expressed.

(d) Construction and Interpretation. (g) Additional Actions and Documents. The Parties agree to take such additional actions and execute such additional documents as may be necessary or useful to carry out the transactions contemplated by this Agreement.

(h) Breach Shall Not Permit Termination. No breach of this Agreement shall entitle either Party to cancel, rescind, or otherwise terminate this Agreement, but such

limitation shall not affect any other rights which may be available to such Party. Notwithstanding the foregoing, in no event shall either Party be entitled to special, consequential, or punitive damages.

(i) Recording. Within thirty (30) days of execution, this Agreement shall be recorded in the Office of the Lincoln County Recorder.
